

# Outreach and Education

ChemCentre is the State's analytical laboratory with specialised services in environmental chemistry, forensic science and chemical emergency response. We help protect the West Australian community.

We are passionate about chemistry and we want to share our passion with you!

By offering a range of outreach programs for all ages we hope more people will discover the many and diverse careers in chemistry and learn more about our important role in the community.

## School Incursions

Inspire your class with real life case studies, hear scientist's experiences and learn of the diverse career opportunities for a chemist with a school incursion.

In just 60 minutes, students can test their observation skills, volunteers can try on our HAZMAT protective clothing, and everyone can learn how chemistry impacts our community!

**Who:** School groups — all years

**When:** By appointment, regularly throughout the year

**Length:** Approximately 60 minutes

**Cost:** Free

## Laboratory Visits

Year 11/12 and university student groups are invited to tour our world-class forensic and analytical laboratories.

During their two-hour visit students will meet scientists, explore a working laboratory and complete a selection of engaging activities that provide an insight into the variety of work and careers available within the field of chemistry.

**Who:** Groups of Year 11/12 or university students (max 30 students)

**When:** By appointment, regularly throughout the year

**Length:** 2 Hours

**Cost:** Free

Visit the ChemCentre website for more details and to submit an outreach booking request:

# ChemCentre's Outreach and Education Program

## Special School Events

ChemCentre periodically offers one-off experiences for students to meet scientists, get hands on with chemistry or take part in local chemistry projects.

Events are often held in collaboration with other STEM outreach providers.

Join our mailing list to be notified of the next opportunity!

## Community Events

From public lectures to science festivals to ChemCentre's biennial Open Day, ChemCentre is involved in many community events throughout the year and there is something for all ages!

All upcoming public events are listed on our website and promoted on social media - stayed tuned!

If you would like us to join your next community event please do not hesitate to contact us.

## Want to know more?
